Notice is hereby given that the East Point red buoy, No. 2, and 6, East Channel, New York lower bay, one damaged by collision and brought in for repairs, and the others removed to save them from floating ice, have been replaced in station.
Notice is hereby given that, on or about April 14, 1900, the tower and light at this station, on the westerly front of Fort Carroll, Patuxent river, entrance to Baltimore harbor, will be replaced in their former position, about 100 feet in a northerly direction from the opposite side.
On the same date the light will be changed to show fixed white with a fixed red star sector to mark the turn from the Brewerton Channel into the Port Mchenry Channel, and to extend from NW. by N. westward to N. by W. 1/4 W.
Notice is hereby given that, owing to the partial destruction of Great Salt Pond Breakwater, northwesterly side of Block Island, southerly side of the cut entrance to Great Salt Pond, the light and fog signal at this station, on the westerly end of the breakwater, have been temporarily discontinued.
Due notice of the re-establishment of these aids will be given.
